

Women Will Write Parking Tickets Here

Getting a parking ticket may be a little more pleasant experience in a few weeks. The Torrance Policemen who perform this task are going to be replaced by women.

The Torrance Police Department plans to hire three "Meterettes" to relieve the other policemen for more vital duties of law enforcement. These women will check the city's parking meters and lots and will be charged with writing tickets for the forgetful motorist. They will not be able to arrest anyone, nor write citations for moving violations.

Officials figure that men are more needed to chase robbers, speeders, and other law violators, so they are trying this plan which has worked quite successfully in Inglewood. The ladies will wear regular uniforms and will be between 21 and 30.

The new members of the law enforcement team must be high school graduates, with college training preferred, must hold a driver's license, and must pass a physical examination. They will ride little scooters about town in performing their duties.

Applications for the new post are being accepted at the City Hall until May 22.

Youth Camp Counselor Spots Open

With most Southland schools scheduled to close for summer vacation in less than two months, several hundred summer camps for boys and girls are being readied for an anticipated heavy attendance, according to officials of the Southern California Camping Assn.

"Many opportunities for summer camp employment await college students, teachers and other individuals interested in obtaining practical experience with children, enjoying the summer months in the out-of-doors and at the same time earning a salary," stated Dr. Lenore C. Smith, University of Southern California physical education professor and chairman of the camping association's personnel advisory committee.

In cooperation with the Southern California Camping Assn., the professional placement services of the California State Employment Service is carrying on an intensive program of recruiting and referring summer camp workers.

Under the direction of Mrs. Elizabeth McGinnis, the Los Angeles office of the California State Employment Service has developed a file of several hundred summer camp job openings. Interested applicants are urged to contact the Los Angeles office of the California State Employment Service, 525 S. Flower St., Los Angeles 7.

Suspect in Theft Nabbed

Quick action by a neighbor halted a suspect fleeing from the scene of a trailer court burglary Thursday, sheriff's deputies reported.

Lowden Booth, 2301 Pacific Coast Hwy., noticed a man running from the trailer court office occupied by Miriam Friedberg, 2310 Pacific Coast Hwy., and tried to stop him. The man turned and fled and Booth cornered him after a chase that led through back yards in the neighborhood.

Nabbed and booked on suspicion of burglary was Donald F. Adkins, 22, Los Angeles. Mrs. Friedberg told deputies that she had been out of her office for a few minutes and returned to find Adkins there. When she asked him what he wanted, he tried to get out a rear door, which was nailed shut, she said. Then he brushed her aside and fled out the front door, she reported. She then discovered that \$22 was missing from her purse.

Adkins claimed he was looking for a place to live, but deputies found \$22 in his shirt pocket.

"Well, anyway, I'm deducting it!"

Workman Dies After Tumble

A Lomita man was shaken up Thursday when his fellow worker in digging cesspools fell on top of him and was killed.

Wayne Cleary Hindman, 27, 2345 W. 248th St., was working at the bottom of a 20-foot hole in the Palos Verdes area while Kenneth Arthur Woods, 38, Redondo Beach, was at the top of the excavating hauling buckets of dirt out.

Hindman said that Woods was pulling up a bucket, stopped suddenly, and then toppled into the well on top of him. Woods apparently cut his neck on one of the digging instruments, severing his jugular vein. He was taken to White and Day Mortuary.
